BAM-15

QUICK GUIDE

Oral · grade D ♥

WHAT IS BAM-15?

BAM-15: mitochondrial protonophore uncoupler. Mice (Alexopoulos 2020): orally bioavailable; reversed diet-induced obesity and insulin resistance without changing food intake, lean mass or body temperature. No human data.

Strongest evidence: D · Animal / lab

HOW IT'S TAKEN

50 mg pills

1 pill = 50 mg

Mice (Alexopoulos 2020): orally bioavailable; reversed diet-induced obesity and insulin resistance without changing food intake, lean mass or body temperature D · Animal / lab

DOSING PROTOCOL

Catalog: 1 pill (grade E)

WEEK	DOSE (1 pill (50 mg) daily)
Weeks 1–4	1 pill

Cycle: Catalog cycle.
